

## 500 days of Summer

Summer  
Hey Tom  
Thought I might see you here  
I always loved this place ever since you brought me

Tom  
So I guess I should say congratulations

Summer  
Only if you mean it

Tom  
Ah...well in that case...

Summer  
So are you okay

Tom  
I will be...eventually. You wanna...

Summer  
I like your suit

Tom  
Thanks

Summer  
You look sharp

Tom  
So do you

Summer  
Thanks

Tom  
I quite the office

Summer  
You did? I didn't know. Thats great.

Tom  
And you...umm. Your married.

Summer  
Yeah. Its crazy huh?

Tom  
You should have told me. When we were at the...

Summer  
I know

Tom  
at the wedding....and we were dancing...

Summer  
Well he hadn't asked me

Tom  
But he was in your life

Summer  
Yeah

Tom  
So why did you dance with me?

Summer  
Because I wanted to

Tom  
You just do what you want don't you?  
You never wanted to be anybodies girlfriend, now your somebody's wife.

Summer  
It surprised me to

Tom  
I don't think I'll ever understand that  
I mean it doesn't make sense

Summer  
It just happened

Tom  
Yeah, but that's what I don't understand. What just happened?

Summer  
I just woke up one day and I knew

Tom  
Knew what?

Summer  
What I was never sure of with you

Tom  
You know what sucks. Realizing everything you ever believed in is complete and utter bullshit. It sucks.

Summer  
What do you mean?

Tom  
Oh you know destiny...soulmates...true love...and all that fairy tale nonsense. You were right. I should have listened to you.

Summer  
No...

Tom  
What are you smiling at?

Summer

No...umm

Tom  
What are you looking at me like that for?

Summer  
Well you know...I guess it was because I was seating in a deli reading Dorian Grey. I guy comes up to me and asked me about it....and now he's my husband.

Tom  
Yeah....and so

Summer  
So...what if I'd gone to the movies? What if I'd gone somewhere else for lunch? What if....I'd gotten there 10 minutes later. It was meant to be. And I just kept thinking...Tom was right?

Tom  
No...

Summer  
Yeah...I did. I did. It just wasn't me you were right about.  
I should go....but I am really happy to see that your doing well.

Tom  
Summer, I really do hope that your happy.
