

Andi enters the apartment. Clare is waiting at the door to come in.

Clare

Yeah, I was thinking about going, and I'll come back to for my backpack later.

Andi offers flowers

Andi

I got you these

Clare

Please open the door

Andi

What's all this?

Clare

Please, Andi. Where's my SIM card, Andi? What did you do to the windows?

Andi

They're reinforced. If you try to break them, I'll have to board them up.

(then)

I just bought these chairs.

Clare pulls a chair in front of her.

Andi

Don't do that.

Clare

You don't have to do this. Andi, what is going on.

Andi

What is going on? You could have gone to Dresden. You said you want to stay.

Clare

We had sex. People say all sorts of things in bed. It doesn't necessarily mean anything.

Clare goes into the next room

Clare

Please, dear god.

Anq

Do you like pesto?

Clare
What???

She reenters kitchen

Clare
Can we just go for dinner? Can I have my necklace back?

She attacks him

Clare
Open the fucking door.

Andi forces Clare to the ground as she struggles.

Andi
Shhhhh. No one can hear you.
