

SEASON 3 EP 10:

HANNAH

I usually fuck football players but now I'm fucking the school weirdo.

ADAM

The school weirdo?

HANNAH

And I'm a cheerleader and you thought so much about fucking me before.

ADAM

I thought you were a hedge fund manager's wife.

HANNAH

No, no, I'm Kim. And I usually fuck football players but it turns out the school weirdo has an even bigger dick than a football player you fucking weirdo.

ADAM

I'm not the fucking school weirdo.

HANNAH

What?

ADAM

You can't change roles in the middle of everything it doesn't make any fucking narrative sense.

HANNAH

Ok, so now that you're in a play you're an expert on what makes narrative sense?-

ADAM

-Hannah what the fuck-

HANNAH

-I'm like a writer too ya know. What? I was trying to do something you like, like have sex the way we used to. Why are you getting so mad at me?

ADAM

What do you mean "the way we used to"? You don't like the way we do it now?

HANNAH

I mean, do you? You used to have all these ideas about me being a little street slut or like an orphan with a disease or you said I was like a woman with a baby's body or something. I was just trying to do it the way we used to, the way sex always was for us.

ADAM

It wasn't creepy and thought through like this, it was coming to us in the moment.

HANNAH

I don't have ideas like that. I was just doing your ideas. I was just doing sex the way you wanted to.

ADAM

Jesus, Hannah, fuck, the second I cum I have no fucking idea what I said. I'm not planning anything. But you were outside yourself, you were outside your body watching everything.

HANNAH

So? What does it matter? If you're getting what you want what do you care if I'm like in my body? You can't be like the body police.

ADAM

You have an old idea of who I am. Sex was a thing that kept me from drinking that's why I fucked women I met in bars or whatever.

HANNAH

Well was it like that with all of them? Like the games and the ideas and the being different.

ADAM

Fuck yeah, yeah it was, and it was like that with us for a while too but then we fell in love and then I just wanted to have sex with just you as us, just fuck and be sweet, or whatever. The sex we were having was working for you, I'm fucking sorry, I didn't realize I was disappointing you so badly.

HANNAH

That's not what I mean.

ADAM

Was it not?

HANNAH

No.

ADAM

You think I'm some angry fucking sociopath who wants to meet older women in bars and intimidate them into fucking me? Because I could do that but I have a job to do now. I'm trying to focus. I'm not here to fill up your life with fucking stories for your fucking twitter.

HANNAH

I get it. I have a job too.

ADAM

It's not the same thing.

HANNAH

Really? That's crazy.

ADAM

I can't do this. I have to focus. Ray said I could stay with him for a while.

HANNAH

Wait, what? You're gonna go stay with Ray for a while?

ADAM

Just during the rehearsal process so I can just think about the play and not have to deal with all this drama.

HANNAH

What drama? This is just me.

ADAM

Exactly.

HANNAH

I don't get it. You didn't even care about the play.

ADAM

But here's the thing, I did, I do. It feels amazing to finally care about something. It feels amazing and scary and I'll always regret it if I don't give myself a chance to just do it, all the way.

HANNAH

Ugh, so this is like Field of Dreams.

ADAM

Well, it's not a joke to me.

HANNAH

I didn't say it was.

ADAM

I'm sorry, I have to go.

(He goes to give her a kiss. She clasps on)

ADAM (CONT'D)

Hannah. Fuck.
