

NEIGHBORS

Kelly. We went to far now this is dangerous.

MAC. No. No, we did not go to far. Now is when we get them back even more. Did you see what they fucking did to me. We don't stop now.

KELLY. So what's it gonna be next. They gonna break into the house?

MAC. No. No.

KELLY. You need to grow up.

MAC. What?

KELLY. Our family is in danger.

MAC. I need to grow up?

KELLY. Yes you need to grow up. One of us has to be the adult in this relationship.

MAC. You should take responsibility.

KELLY. That's not only offensive, it's fucking stupid.

MAC. It's offensive that I'm saying you should be smart?

KELLY. Yes. It's offensive that I have to be the smart one all the time. I'm allowed to be just as irresponsible as you.

MAC. Well that's how it works. I'm the dumb guy and you are the woman who's supposed to stop the dumb guy from doing dumb shit. Haven't you ever seen a fucking Kevin James movie. We can't both be Kevin James. I'm Kevin James.

KELLY. Well I have a little bit of Kevin James in me.

MAC. Well we can't bothclearly you're the one who knows better. So you should know better.

KELLY. You know I'm not like that and I've never been like that.

MAC. Well maybe you should be.

KELLY. That's never been me and just because I'm a mom doesn't mean I'm gonna change who I am.

MAC. Well, just because I'm a father it doesn't mean I can stop doing mushroom with teenagers.

KELLY. Fine

MAC. Fine.

KELLY. Good.

MAC. Good then.

KELLY. Okay Kevin, I don't think we're a good team anymore.

MAC. Team's breakin up.

KELLY. Yup. This worked before we had Stella. But...

MAC. Now it doesn't.

KELLY. It doesn't anymore. So....

MAC. Cause someone refuses to grow up.

KELLY. Fine. Okay

MAC. Fine. Then.

KELLY. You go find your naggin wife....

MAC. Okay

KELLY. ...that you want to find. And I will go...

MAC. Okay.

KELLY. ... find a real man.

MAC. Fine. Good to know.

KELLY. I don't feel safe hear.

MAC. Well.....

KELLY. Just in case you didn't know.....

MAC. That's crazy

KELLY. And I'm gonna take our child and go.

MAC. Oh yeah, well that's ludicrous because this is perhaps the safest place on the planet. Just so that you know, you are kidnapping our baby. Don't kidnap our baby.

KELLY. Asshole. Enjoy the house by yourself you child.

MAC. This is safer then the White House.
