

OZARK

Season 1, Episode 1

Marty & Del

EXT. PARK - DAY

MARTY talks to DEL at a picnic table. Del's HENCHMEN count Marty's money in the parking lot.

DEL

The Great Depression. That's when the Lake of the Ozarks was built. 1929. Did you know all that? You're Marty Byrde. Marty Byrde has been planning this for a long time. Hmm? How long again?

MARTY

Long time.

A henchman indicates that there's not enough money.

MARTY (CONT'D)

Yeah, I'm short. \$6950, but it is not -- it's not a problem.

DEL

What did I tell you?

MARTY

I've already sold that car, but I also have a minivan that I haven't sold yet, and it's a Honda Odyssey. It's, it's the top-ranked minivan in the US. Blue Book on it is \$27,000. And I'll get the cash--

DEL

I'll buy the Odyssey from you for 27 so I owe you \$20,000. Take that from the cash. And I'll lease it back to you for, say, a thousand a month. (Marty reacts.) Top-ranked minivan in the US.

Marty nods.

DEL (CONT'D)

Okay. Good. Now I want you to take my \$7,973,000 with you to Missouri and clean it.

MARTY

Clean it?

DEL

Mmhmm.

MARTY

It's -- but it's clean. It's already clean. You want me to clean it? Again? You'd lose 15%. Another 25% in taxes... minimum.

DEL

That's not the point, is it? I have to see that you can do it. I'm torn, Marty. Between intrigue and thinking this whole Ozark thing is complete and utter straw-grasping bullshit. But I'm willing to roll the dice. Because you're special. You have a gift. But if I think that you're trying to fuck me, I'm going to have to kill you. And Wendy. And Jonah. And Charlotte.

Del stands and shakes Marty's hand.

DEL (CONT'D)

And not in that order.

MARTY

Yeah.

DEL

(to the henchmen)

Devuelvelo a su cajuela. Todo.

MARTY

You know, Del, the other day you said, "Where's my 5 million dollars?", and Bruce and the Hanson kid took 8.

DEL

Hmm. You were right. I was fishing. I didn't know they stole a damn thing.

MARTY

And you killed Liz on a hunch?

DEL

On a tell. I've been working with you and Bruce for how long? You ever known him not to constantly run his mouth?

Del walks away.
