

INT. COFFEE SHOP - MORNING

DALE (Rogen), SAUL (Franco) and RED (McBride) sit in a diner. They are beat to fucking shit. They've just had the craziest night ever. Running on zero sleep and RED almost dead from the gun shot would to the stomach, DALE mimics a radio host.

DALE

(Radio Voice)Hello, you're listening to PBRPBP. I'm Dale Denton. The topic of the day; new beginnings, getting over loses, friends, life. We have our first caller.

SAUL knocks on the table and picks up a fake phone.

DALE (CONT'D)

(Radio Voice)Yes. Ring, ring, ring. How's it going?

SAUL

Hi. Am I on the air?

DALE

(Radio Voice)You are. You're about to get D'd, by the Dale. A 'D' in the face.

SAUL

Dale Denton.

DALE

(Radio Voice)Yeah.

SAUL

You're my Hero.

A collective 'AW'.

DALE

(Radio Voice) You're my hero.

RED

Yay!! You are good, man. Seriously.

DALE

Thanks, man.

SAUL

I gotta admit, you're pretty good.

DALE

It sounds pretty good, right?!

RED  
It sounds real good.

DALE  
It's not bad, huh?

RED  
You know, if I close my eyes, yup,  
that sounds like the radio.

DALE  
(Radio voice) You are on the radio.  
This is the radio!

SAUL  
No, but better, like if you were on  
it, I would listen to it.

DALE  
Thanks, man.

SAUL  
It's like when my Bubby was always  
playing opera, and I was like, I  
hate it, but my Bubby loves it. You  
know what I mean?

RED  
Then It grows on you.

DALE  
Yeah, it just grows on you.

RED  
It grows on you.

DALE  
It's like Red. I didn't like him so  
much when I met him, I'll be  
honest.

RED  
You didn't like me?

DALE  
No, (re: Saul) but you liked him so  
much, so I like you now.

RED  
Hi fives.

They all Hi five each other.

RED (CONT'D)

Seriously, I know this sounds weird, but can we be best friends, just us, for real?

DALE

I think we should all be best friends.

RED

We should be.

DALE

You guys are my best friends.

SAUL

You guys are like both of my best friends, and you didn't even know it and now you know it. And now we'll all be best friends.

DALE

You know what we should get? You know those hearts that break up and it's like 'Best Friends'? We should get a three way...

SAUL

Three way! Three way, man.

RED

I didn't even know they make those. We should.

DALE

We should make the first ones.

SAUL

I want the middle piece, so it'll be crooked on both sides.

RED

I know we've gone over this again and again, but a thousand pardons, a thousand pardons, please, I know I fucked up.

DALE

Me too, man. (re: Saul) I was a dick to you, man. I'm sorry.

RED

(re: Saul) I know I was an asshole. I hope I redeemed myself with you.

SAUL  
Saved my life.

RED  
(Re: Dale) And I know me and you  
have had our deal.

DALE  
We've had some times, man.

RED  
But I kind of feel like something's  
happening here.

DALE  
I think it's growing.

RED  
Oh, is that a boner?

DALE  
Is that a condo? Is that us moving  
in to an apartment together?

RED  
Is that us getting a time share?

SAUL  
(re: RED) you threw an ashtray at  
his face. I was like...

DALE  
You hit me, man.

SAUL  
At the time, I was like, whoa, but  
it was kind of funny.

RED  
Dude, that shit...

SAUL  
You hit me with the dust buster.

RED  
I didn't want to hurt you, but I  
was like, you better not fucking  
leave here.

SAUL  
That was such a good fight, man.

RED  
That was. You, fuck head.

DALE

The car chase was pretty awesome.

RED

You guys got into a fucking car chase?

DALE

Yeah, it was awesome.

SAUL

It was pretty cool.

RED

Are you guys fucking kidding me?

DALE

Yeah, it was pretty fun.

SAUL

I, like, had my foot through the window.

DALE

It was, it was rich.

SAUL

I mean, my groin, I felt like a fucking wishbone.

They laugh.

SAUL (CONT'D)

I just feel different about everything now.

DALE

Me too, man. Everything.

SAUL

I mean, I never wanna kill anybody again.

DALE

Ever.

RED

I mean, that's like something you can dip your toes into. You know, We kind of dipped our toes into murder, it's done, let's move on.

DALE

I killed like six guys. How many guys did you, I mean we each shot several people.

SAUL

A lot of people. Some people get a taste for it, but I didn't, man.

RED

I shot someone who was already dead, but that doesn't really count as a murder.

DALE

But apparently, you hit him with your car, I'm told. So you did kill him.

RED

Okay, so I did murder somebody...

SAUL

You murdered man.

RED

...That's cool, man.

DALE

That's cool, whatever. Kill, or be killed.

RED

Yeah. I'm trying to decide how stoned I am and how on the verge of death am I. I mean am I seeing shit because I'm stoned, or because I've lost all the blood in my body.

DALE

You've been shot like seven times.

SAUL

You gotta eat, man. You're losing stuff.

RED

Yeah.

RED is slowly losing his awareness. SAUL feeds RED.

SAUL

Here, man.

DALE  
Here comes the airplane.

RED  
It's like I'm a baby. Ba ba ba.

SAUL  
It's a miracle. I think we should just all take a moment and think about what a miracle it is that we got out of there.

DALE  
And that we all became friends and learned about life in the process.

RED  
Should we all put our hands in the center and touch.

They put there hands over the table together in a moment of silence. RED loses consciousness.

SAUL  
I love you guys.

DALE  
I love you too.

SAUL  
So much.

They end the moment of silence and realize RED is possible dead.

DALE  
Red.

SAUL  
Yo, Red.

He wakes up.

RED  
Oh, hey. I'm like the nerd at the sleepover who fell asleep at nine.

DALE  
It's okay, we were putting dicks in your mouth.

A HONKING in the background.

SAUL  
There's Bubby. Let's get out of  
here.

RED  
Yeah, you know, maybe we should go  
to the hospital. You think she'll  
drive me?

They get up to leave.

SAUL  
Yeah, of course.

DALE  
Yeah, my ear is about to fall off.  
I should get a professional to look  
at it.

SAUL  
Yeah, it's bad.

EXIT SCENE. END
