

Primal Fear - (The tape)

Vail: Hey.

Venable: Where did you get it? You steal it.

Vail: Janet look..

Venable: From the crime scene?

Vail: I don't know anything about this tape...

Venable: You are such a liar.

Vail: Think about it.

Venable: I have

Vail: If this tape really has on it what you say it does last thing I'd do is give it to you. It gives you motive.

Venable: You had to give it to me. You couldn't introduce it in court. The jury would despise you for it. For dishonouring the bishop's memory but if you get me to show it, motive or no motive, I'm the one who looks bad, and you gain sympathy for your poor, little, abused boy.

Vail: You think so?

Venable: I hate you.

Vail: Don't use it.

Venable: I have no intention of using it. (to the bartender) The usual, Stu.

Stu: You got it.

Venable: You're up to even more than that aren't you?

Vail: I'm not up to anything.

Venable: You're opening a door you think I'm gonna walk through it? There's gonna be a tiger on the otherend, and I don't particularly care...

Vail: You know who you'd really upset for using it?

Venable: I just told you I'm not...

Vail: Shaughnessy.

Venable: Fuck him.

Vail: Fuck him?

Venable: Fuck you. Thanks a lot.

Vail: Alright, if this is not your motive, what is?

Venable: I have motive.

Vail: Yeah, what is it?

Venable: I'm really gonna tell you.

Vail: Well, you better tell the jury soon. Time's running out.

Stu: (serves drink) Here you go.

Venable: You think you've got me, huh? You think because you know me as well as you do, you know how I think. Well, I know how you think.

Vail: You know what I'm thinking?

Venable: What happened to your face?

Vail: I... I bumped it in a medicine cabinet.

Venable: No, Marty, that was a girl on her way out.

Vail: Maybe we should come back here later.

Venable: Later, what they close in ten minutes.

Vail: No, after. After the trial. When we got nothing to lose.

Venable: How can your timing be so good in a courtroom. and so bad in real life? I'll think about it later. I hate you too much right now.
