Rafi

It's incredible. It's amazing!!!

Lisa

I'm sorry your bra is showing. Is it missing a button there?

No, that's the way it is.

Rafi

You were so right about Jewish men. They are so attentive! I mean of course you know, you're married to one.

Lisa

Yes, but he has "ADD."

Rafi

I just can't get over it. I mean, I feel a little awkward telling you this...but, I can't tell anyone else, so...we have had sex on every surface of my apartment. I mean, I haven't had much sleep. But he's just so eager to please me and I feel the same way about him.

Lisa

Hmmm...

Rafi

He makes me want to do things...

Lisa

- I understand.

Rafi

- that I have never wanted to do before.

Lisa

- I got it.

Rafi

You're going to laugh, but he didn't actually know where my clitoris was.

Lisa

Really? Did you show to him?

Rafi

Of course!!! I mean he is so uninhibited, just happy to learn, he hasn't had much experience. He's only been with two other women.

Lisa

What? He's has had sex with two other women???

Rafi

Yes, Can you believe that's it?

Now I know why men go after younger women. There's really something to it. I mean, his youth, his body, his naiveté, his goddamn eagerness. I mean, oh, isn't this great?

Lisa

Yes, amazing!

Rafi

Listen, I just have to say this because I'm too embarrassed to tell anyone else. His penis... is so beautiful; I just want to knit it a hat.

Did you ever think that I would be this satisfied, I mean, sexually?

Lisa

Not like this. Are you using protection?

Rafi

Oh, of course. I mean, he brought it up. He's very responsible.

Lisa

Oh, that's good. But is he neat? Does he pick up after himself? Does he make the bed in the morning? Does he ask before he

uses the phone?

Rafi

Yes, why?

Lisa

Well, you can tell a lot about a man from those things.

Rafi

He's very neat, I mean, he does have some unusual habits though. He thinks q-tips are amazing; he didn't use them to clean his ears when he was a kid. His mom didn't let him. I mean, what kind of mother doesn't teach their child how to clean their ears.

Lisa

Pediatricians say that it is unhealthy for children to use them because it can damage the eardrums. And it has been shown that a small amount of wax in the inner canal helps protect against larger debris.

Rafi

I didn't know that.

Lisa

Well, sorry, I'm sorry. Tell me, what, what it is that you are

trying to say?

Rafi

I'm just worried about where this is going. I want to give all of myself, just let it go. It's so tempting. I mean, it's all he wants from me.

Lisa

Who wouldn't want all of you Rafi, you're an amazing woman.

Rafi

But, then I think... I mean, what if he's just too young to handle the responsibility? I'm scared to put myself out like that.

Lisa

That's a very mature line of thought. I'm sure his intentions are pure but he doesn't... sound like he knows exactly what it is he's getting into.

Rafi

Do you think I should just cut it off right now?

Lisa

I'm not going to answer that.

Rafi

I can say this much. Age aside, he gives me more of what I really need than anyone else ever has. Real things. Things I never got. It makes it hard to harp on age or religion or anything because
I 'm just sooo happy.
