

Monologue Mia Jordan
The Morning show
Season 1 – episode 7

Hi everyone, can I have your attention please? It's Mia Jordan here. Can I have everyone's attention? Hi, I'm the scorned oversensitive woman who screwed the lead anchor to help her career, and got him fired when he didn't want to leave his wife, and now I'm out for blood so everybody with a dick better be careful. Cause she hates dicks now. DICKS BEWARE! Don't leave your home at night without an escort, because the vengeful, slutty, feminist bitch Mia Jordan is out there, somewhere.

[Bart: Look, Mia, I'm sorry] (You can shut the fuck up Bart)

Ok, everyone? I got it. I'm well aware of what everyone is saying about me. And now hum, apparently, I personally got Nicky fired and I leaked about Mitch to the Times and I'm sure I'm also the Zodiac killer and I probably assassinated Archduke Franz Ferdinand, I mean this fucking list goes on and I could deny a lot of that, most of it is lies, bullshit and gossips. But I'm just so fucking tired. I don't have the energy to deny it. What's the point anyway? Everybody's already decided what they believe. Some of you hate me, some of you pity me, some of you think I'm a victim, some of you think I'm a slut. Everybody's got their fucking opinions and you know what? Have' em. I just wanna move on with my fucking life.

[Chip: Mia, if you wanna just put the mic... Mia: Chip, I'm almost done here. Unless you wanna join in and make this a dialog here? Chip: Ok, go ahead.]

We're all human. We all have regrets. No matter which side of that #Metoo line you fall on, we are all just people who wanna do our jobs, do good work. So... that's what I'm gonna focus on. My work. Cause I'd like to be known in this world for something other than fucking Mitch Kessler and I think I deserve that opportunity.
