

THE GOOD NURSE

CHARLIE + AMY

INT. PRISON. NIGHT

AMY

Hi Charlie. Can you take his handcuffs off please? Please?

Are you ok?

CHARLIE

Um... Go away Amy

AMY

You cold. Look, you're freezing. Here. I'm just gonna put this over your shoulders. There you go. I really needed you these few months, you know? And then all this. It made me forget who you were to me. Forget what you did for me, and I forgot about your goodness. I'll never understand. Not how you, who is so kind and generous, how you could hurt people. And I'm so sorry that I lied to you and went behind your back. That must make you feel even more alone. Hey. Hey.

CHARLIE

All... you know, I never had... you know, I always just wanted to help you.

AMY

I know. I know that. And I still need you

CHARLIE

What do you need me to do?

AMY

Tell the truth.

CHARLIE

I just did it. I just did it.

AMY

I'm sorry. I'm gonna need more than that.

CHARLIE

What do you want me to tell you?

AMY

Names.

CHARLIE

I can't remember all the names.

AMY

Just tell me what you can remember.

CHARLIE

Douglas Stevenson. Ana Martinez. Kelly Anderson. And there... there was... uh... I can't remember his name. He was younger. Um...

AMY

Jack Ivins?

CHARLIE

Yeah, Jack. Jack, Yep. And then there... there was a... there was a man at my last hospital, uh, he had a German name. I can't...

AMY

Why?

CHARILE

They didn't stop me
