ALEC

Holy shit, I just had a great idea.
Do you feel it, the two of us?

MEGAN

What- what is?

ALEC

This.... Right here.

MEGAN

I don't understand.

ALEC

Okay, look, listen to me, so we're trapped, we're like this incredible experiment right now, we're lab rats. We've had sex, but we don't have feelings for each other, right? And as soon as the snow clears and we can leave, you're gone, right?

MEGAN

Like, Mexico - gone.

ALEC

So we're probably never going to see each other again.

MEGAN

Yes.

ALEC

So we can use this time to be honest with each other constructive criticism to make each other better lovers for the person we really like.

MEGAN

What you are proposing is potentially, a horrible, sucky, I mean really bad.... Idea!

ALEC

Are you kidding me? This is the best idea I've ever had!

MEGAN

That is so sad.

ALEC

Look, Megan, listen, you can't just like drop a bomb on me like, "hey, maybe you've never made a girl come in your entire life," and then say you don't want to talk about it. I wanna talk.

MEGAN

Guys can't handle constructive criticism about that stuff. You'll get all pissy...

ALEC

No, I promise you that I will not get pissy if you don't.

MEGAN

What do you mean if I don't?

ALEC

Oh, did you think this was just like a one way street, or something?

MEGAN

You think you have pointers for me?

ALEC

Yeah

MEGAN

Jesus, fine, all right, bring it on, go.

ALEC

Now, this is not just you, but the lights-off thing, what the fuck is that? If the lights are off, like you requested and I so gentlemanly obliged, I could be having sex with anything, literally.

MEGAN

Lights on? Wow... all guys feel that way?

ALEC

I can only speak for me and all my friends, but yeah.

MEGAN

allright, fine, guys like to do it with the lights on. Noted, awesome, shocked. What else you got?

ALEC

You do this thing where you stand up from the bed and you kind of turn halfway around and then you get undressed as fast as you can all at once and it's like you're getting ready for a physical for something.

MEGAN

I have never had any complaints about how rapidly I undress. Most guys like naked me.

ALEC

I love naked you! Naked you is awesome to look at and touch. What I mean is that you could make the getting-naked-there part a little like... boop, then you take your bra off the side.. You could even imaginary pole,k just bring it, smack it, bring it down...

MEGAN

Oh God...

ALEC

....bring It up, do the little ass thing with your underwear, "hey, I dropped something, my panties!" You could flick it up, you could catch it, then I don't care what you do with it.

MEGAN

Actually, that wasn't terrible, you should put on heels and try it.

ALEC

Lastly, when I was inside of you, you started helping yourself a little bit and it kind of made me feel like I was being benched. Second string.

MEGAN

Duly noted. Is it my turn?

ALEC

Yeah.

MEGAN

There was a moment, one moment, during foreplay in which I was maybe close to coming and I believe I subtly pointed this out for you. Do you remember what it was that I said?

ALEC

"I'm close to coming."

MEGAN

Yes, and then after I said that you switched up what you were doing. Just what was your thought process there?

ALEC

I mean, honestly, I thought I was doing like a finishing move, kind of like a "Mortal Kombat" thing, like "FINISH HER" and like really hit it, but, I thought I was doing something like that.

MEGAN

Next time, just so you know, keep on doing what it was that you were doing because you got her to third and you can get her home.

ALEC

Okay.

MEGAN

You waited for me to undress you, which is unnecessary and also a little weird because I'm not your mommy tucking you into bed. You kept trying to give me hickeys, which no girls likes. Oh, and you went way too fast, like you were drilling me for oil. And then, oh, oh! You did find my g-spot but kind of like a drive by, which was cool, but then you kept on going someplace else. Oh, when a girl is helping herself, that's a good fucking thing! It's not like we're competing on some awesome erotic Japanese game show;

(MORE)

MEGAN (CONT'D)

we are having sex. Oh, and last night, when we were done, you retreated to the other side of the bed like you planted a bomb down there. So next time, just hold the girl, count to 10. It'd go a long way, that one. You can thank me later. Other than those things, you were a perfectly adequate lover.

(CONT'D)
