

ALEC

Holy shit. I just had a great idea.  
Do you feel it, the two of us? It's  
a pretty good opportunity right now.

MEGAN

What- what is?

ALEC

This... right here.

MEGAN

I'm not...

ALEC

You don't get it? Okay, look, listen  
to me, so we're trapped, we're like  
this incredible experiment right now,  
we're lab rats. We've had sex, but  
we don't have feelings for each  
other, right? And as soon as that  
snow clears, you're gone.

MEGAN

Like, Mexico-gone.

ALEC

We don't know any of the same people  
so we're probably never going to see  
each other again.

MEGAN

Yes.

ALEC

So we can use this time to be honest  
with each other and we can give each  
other advice and constructive  
criticism to make each other better  
lovers for the next person that comes  
along.

MEGAN

Okay, firstly, you cannot pull off  
the word "lovers."

ALEC

I think I can.

MEGAN

Secondly, what you are proposing is potentially, it's a horrible— it sucks. It's a bad idea— don't— what?

ALEC

Are you kidding me? This is the best idea I've ever had!

MEGAN

That's so sad.

ALEC

Look, Megan, listen, you can't just like drop a bomb on me like, "Hey, maybe you've never made a girl come in your entire fucking life," and then say you don't want to talk about it. I wanna talk.

MEGAN

Guys can't handle constructive criticism about that stuff. You'll get all pissy—

ALEC

No, I promise you that I will not get pissy if you don't.

MEGAN

What do you mean if I don't?

ALEC

Oh, did you think this was just like a one-way street, or something?

MEGAN

You think you have pointers for me?

ALEC

Well, yeah, a thing or two crossed my mind, but... I guess you'll never know, will you?

MEGAN

Jesus, fine, all right, I bite, go.

ALEC

Okay, great, this is good. Now, this is not just you. I want to make that clear. Okay, the lights-off thing. What the fuck is that? If the lights are off, like you requested and I so gentlemanly obliged, I could be having sex with anything, literally. But I don't want to be having sex with anything. I want to be having sex with you. Not you specifically, but like the universal you.

MEGAN

Lights on? Wow... all guys feel that way?

ALEC

I can only speak for me and all my friends, but yeah.

MEGAN

Duh, girls hear that more than hello. That's what you got?

ALEC

All I'm saying is that we're young and we're hot-looking people and we should embrace that shit while we have it.

MEGAN

All right, fine, guys like to do it with the lights on. Noted, awesome, shocked. What else you got?

ALEC

Ok, yeah, you do this thing where you stand up from the bed and you kind of turn halfway around and then you get undressed as fast you can all at once and it's like you're getting ready for a physical or something.

MEGAN

I have never had any complaints about how rapidly I undress. Most guys like naked me.

ALEC

I love naked you! Naked you is awesome to look at and touch. What I mean is that you could make the getting-naked-there part a little like... boop, then you take your bra off the side... you could even imaginary pole, just bring it, smack it, bring it down-

MEGAN

Oh god...

ALEC

-bring it up, do the little ass thing with your underwear, "Hey, I dropped something, my panties!" You could flick it up, you could catch it, then I don't care what you do with it.

MEGAN

Actually, that wasn't terrible, you should put on heels and try it.

ALEC

Yeah, you're right, this is weird.

MEGAN

No, no, no, man-up, finish. Just get ready for an onslaught.

ALEC

Okay, that definitely didn't sound like it was in the vein of constructive criticism but I will continue, nonetheless. Look, all I'm saying is that guys like undressing. And you could make it more of a thing. Lastly, when I was inside of you, you started doing this thing, you started helping yourself a little bit and it kind of made me feel like I was being benched. Second string.

MEGAN

Noted. Duly noted. Is it my turn?

ALEC

Yeah.

MEGAN

Okay, I don't know who first taught guys to do the "alphabet with their tongue" thing, but it kind of makes me feel like I'm Helen Keller being fucked by her teacher.

ALEC

And that is not a fantasy of yours?

MEGAN

There was a moment, one moment, during foreplay in which I was maybe close to coming and I believe I subtly pointed this out for you. Do you remember what it was that I said?

ALEC

"I'm close to coming."

MEGAN

Yes, and then after I said that you switched up what you were doing. Just what was your thought process there?

ALEC

I mean, honestly, I thought I was doing like a finishing move, kind of like a "Mortal Kombat" thing, like, "FINISH HER" and like really hit it, but, I thought I was doing something like that.

MEGAN

Next time, just so you know, keep on doing what it was that you were doing because you got her to third and you can get her home.

ALEC

Okay.

MEGAN

You waited for me to undress you, which is unnecessary and also a little weird because I'm not your mom tucking you into bed. You kept trying to give me hickeys, which nobody like. Oh, and you went like way too fast, like you were drilling me for oil, you know, like my whole body was like, "zzhh-zzhh-zzhh..." And then, oh, oh! You did find my g-spot but kind of like a drive-by, which was cool, but then you kept going, and I so wanted you to stop! Oh, okay, all right, when a girl is helping herself, that's a good fucking thing! It's not like we're competing on some awesome erotic Japanese game show; we are having sex. You know, like, embrace the team spirit. Oh, and last night, when we were done, you retreated to the other side of the bed like you planted a bomb down there. So next time, just hold the girl, count to ten. It'd go a long way, that one. You can thank me later. Other than those things, you were a perfectly adequate lover.

ALEC

Adequate, wow. Thank you.  
Adequate's not really...

MEGAN

See I knew this would happen.

ALEC

...a compliment.

MEGAN

I told you this was a bad idea.

ALEC

That's cool. It's a fine idea. I'm good. I'm like Teflon, baby, nothing sticks to me.
