

We Don't Live Here Anymore

Terry

Bye, you guys.

Jack

Good night.

Terry

Come here.

Jack

What?

Terry

Come here. Get in here.

Jack

What? Terry?

What's the matter?

Terry

No more of this crap, all right?
From now on, we act like a married couple.
No more flirting around. You understand?

Jack

No. How could I?
Who can understand
such a flaming pile of bullshit?

Terry

Oh, Jack. Come on, don't play dumb.
Please.

Jack

Terry...
...why don't you have some wine.

Terry

We've been drinking gin.
I don't want wine.

Jack

Let's not talk about this now.
Let's talk about this in the morning.
You're drunk and we're gonna fight.
And you have that look of yours.

Terry

Forget that look of mine.
Let's talk about you and Edith.
The little trips you take.
These damn errands.
Somebody runs out of something...
...some goddamn egg rolls, and off you go,
you and Edith.

Jack

Egg rolls? Really?
Egg rolls?
What are you talking about?

Terry

You know, you shouldn't
leave me with Hank
and put me in that position.

Jack

What position?

Terry

Jack, listen to me.

Jack

What?

Terry

Something's going on.
I mean, either you want it to,
or it is.

Jack

That is such a lot of horse shit. Okay?
What is wrong with me and Edith going off
to get a goddamn six-pack of beer?
What are you really worried about?
It's you and Hank being left alone together.
I see you two. You're horny for Hank.

Terry

Oh, please.

Jack

I'm supposed to feel guilty because of that?

Terry

I'm horny for my husband.

Jack

Jesus. We're not a couple of fucking honeymooners anymore, for christ sake.

Terry

Why aren't we?! We've been married so long that you're bored?

Jack

Terry.

Terry

No. Is that what it is?
You can leave anytime.

Jack

Terry...

Terry

Maybe we should talk about
how long this is gonna last.
It's fine Jack,
If you wanna leave...

Jack

Terry

I am not going anywhere
I never wanted to go anywhere...

Terry

The kids'll be fine.
If you're suffering...

Jack

...I am not suffering, I am not...

Terry

...if this is such a disappointment.

Jack

God damn it, Terry, you're the only wife I know
that gets pissed off at her husband
for not hanging on her at a party

Terry

Husbands touch their wives

Jack

You see Hank fondling Edith every second?

Terry

Hank doesn't love her.
He told me while you were out.

Jack

He said that to you?

Terry

Yeah.

Jack

Oh, yeah?

Terry

Yeah.

Jack

Why? Why did he tell you that?

Terry

I don't know. He just said it.

Jack

What were you doing?
He just blurted that out? Seems odd.

Terry

We were talking.
How else do people tell each other things?

Jack

Well, usually when people say things like that
they're doing other things.

Terry

Yeah, I was blowing him on the porch.
What do you care?

Jack

I don't.
As long as you tell me the truth.

Terry

The truth?
Jack, you won't even admit the truth.
You don't really love me.

Jack

Terry, it's not true.
It's never been true. And when you say shit
like that, for one minute it is the truth
Do you understand me?

Terry

Fuck you
Fuck you!

Jack

Goddamn it!

Terry

Fucker!
